

ST. PHILIP'S  
CHURCH

## Traveling into the New Testament with The Rev. Jeff Miller | **Suggested Reading List**

### **ESV Study Bible**

#### **Book of Acts beginning at Acts 13 through the end of the Book**

The ESV Study Bible was created to help you encounter the truth of God's Word as a powerful, life-changing reality. To accomplish this, it combines the best evangelical scholarship with the text, which, as an "essentially literal" translation, is especially suited for Bible study. The ESV Study Bible contains two kinds of words. The first is the actual words of the Bible—the very Words of God to us. The second is the study notes, which are human words. The result is the most comprehensive study Bible ever published—with new notes, maps, illustrations, charts, timelines and articles—the equivalent of a 20-volume Bible study library. The purpose of the ESV Study Bible is to honor the Lord in terms of excellence, beauty, accuracy of content and design and to

help you come to a deeper understanding of the Bible, the gospel and Jesus Christ as your Lord and Savior.

### **In the Steps of Saint Paul: An Illustrated Guide to Paul's Journeys**

by Peter Walker Paper 2014

Drawing mainly on Luke's account in Acts, as well as on Paul's own letters, Peter Walker reconstructs Paul's wide-ranging travels, detailing some of the most important sites of the early church. We begin in Damascus, then follow Paul on his first and second "missionary journeys," then trace his final visit to Jerusalem and Caesarea, and eventually arrive in Rome. Each chapter focuses on a particular site and includes a section on Paul's story within that location, a list of key dates which give readers an overview of significant events associated with that place, and an exploration of the location as a visitor might encounter it today. Readers are transported to the rugged "Cilician

Gates" of southern Turkey, the marketplaces of Athens, Corinth, and Ephesus, the bleak expanses of ancient Galatia, and the wintry, wind-swept shores of Malta.

## Paul: A Biography

by N. T. Wright Hardcover 2018

In this definitive biography, renowned Bible scholar, Anglican bishop, and bestselling author N. T. Wright offers a radical look at the apostle Paul, illuminating the humanity and remarkable achievements of this intellectual who invented Christian theology—transforming a faith and changing the world.

For centuries, Paul, the apostle who "saw the light on the Road to Damascus" and made a miraculous conversion from zealous Pharisee persecutor to devoted follower of Christ, has been one of the church's most widely cited saints. While his influence on Christianity has been profound, N. T. Wright argues that Bible scholars and pastors have focused so much attention on

Paul's letters and theology that they have too often overlooked the essence of the man's life and the extreme unlikelihood of what he achieved.

To Wright, "The problem is that Paul is central to any understanding of earliest Christianity, yet Paul was a Jew; for many generations Christians of all kinds have struggled to put this together." Wright contends that our knowledge of Paul and appreciation for his legacy cannot be complete without an understanding of his Jewish heritage. Giving us a thoughtful, in-depth exploration of the human and intellectual drama that shaped Paul, Wright provides greater clarity of the apostle's writings, thoughts, and ideas and helps us see them in a fresh, innovative way.

Paul is a compelling modern biography that reveals the apostle's greater role in Christian history—as an inventor of new paradigms for how we understand Jesus and what he accomplished—and celebrates his stature as one of the most effective and influential intellectuals in human history.

## St. Paul the Traveler and Roman Citizen

by William M. Ramsay, Mark Wilson Hardcover 2001

The story of Paul has always captivated Christians a terrible persecutor of the church turned phenomenal Christian missionary. In addition to being a primary source for much of modern theology, the biblical accounts of Paul and his travels have always been a reference point for historians.
